

PowerSchool Parent Portal Login Instructions

JCS has made some updates to the PowerSchool Parent Portal. In order to use the Parent Portal parents must now create their own account. Access ID & an Access Password for each of your middle school students, which will be used as you create your new account is available in the front office.

The new PowerSchool Parent Portal will allow parents their own username and password. It will also allow parents of multiple children to combine students into one account, and gives the ability for a parent to allow a guardian, divorced parent, or other designee the ability to have access to the child's grades.

Follow these directions:

1. Visit the PowerSchool Parent Portal (ps.jenisonchristian.org)
2. Click "Create Account".

Create an Account

Create a parent account that allows you to view all of your students with one account. You can also manage your account preferences. [Learn more.](#)
